# Exterior Doors

## The Centerpiece of Your Home

We'll build a custom exterior door that is a reflection of your unique style and taste and one that will complement your home's architecture. Your front entrance is a passageway for friends, family, and memories – it should be as special and unique as they are. You'll be proud to stand in this doorway and watch life happen – inside and out.

# *Panel Design Options*

V-GROOVES

There are an endless number of panel designs to make a personal imprint on your door. Whether you choose one full panel or many, you can customize your look to fit your life.

CUSTOM  
SHAPE PANEL

ROUND  
TOP

*Custom Transoms*

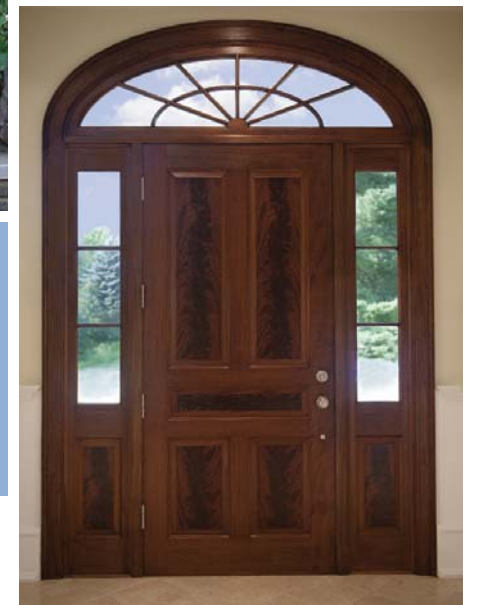

Add architectural interest to your door and let light into your home. We can create any transom to be consistent with your other windows, which will brighten your entryway and make a bold statement as people approach your home.

INDIVIDUAL LITE

GOTHIC  
SPIDER WEB  
SUNBURST

# Custom Sidelites

Showcase and frame your door with beautiful custom sidelites. Add beauty with customized sidelite options that will allow light to enter your entranceway but also provide privacy from the outside.

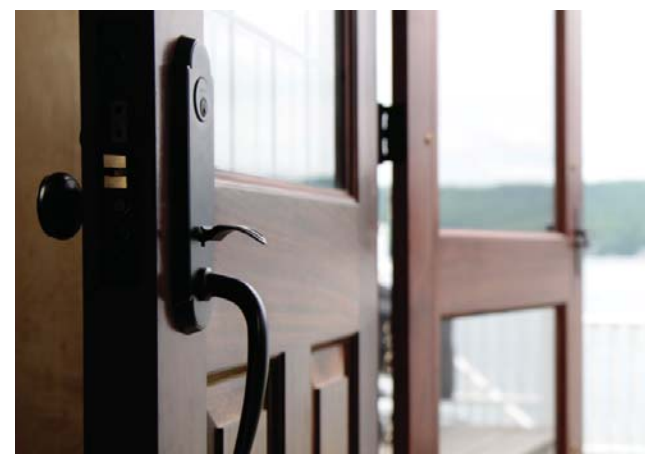

# Coastal Doors

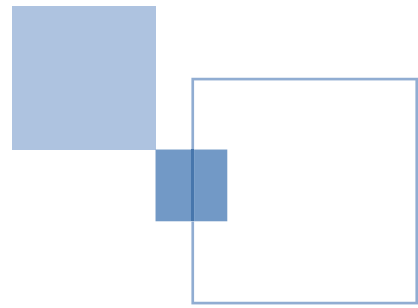

## SIDELITES WITH RAILS

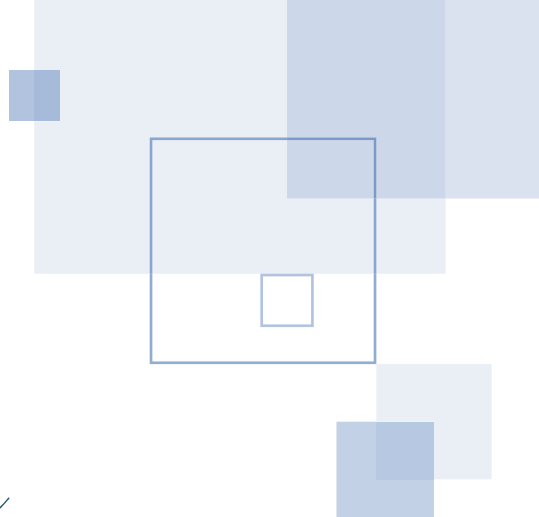

## CUSTOM LITE

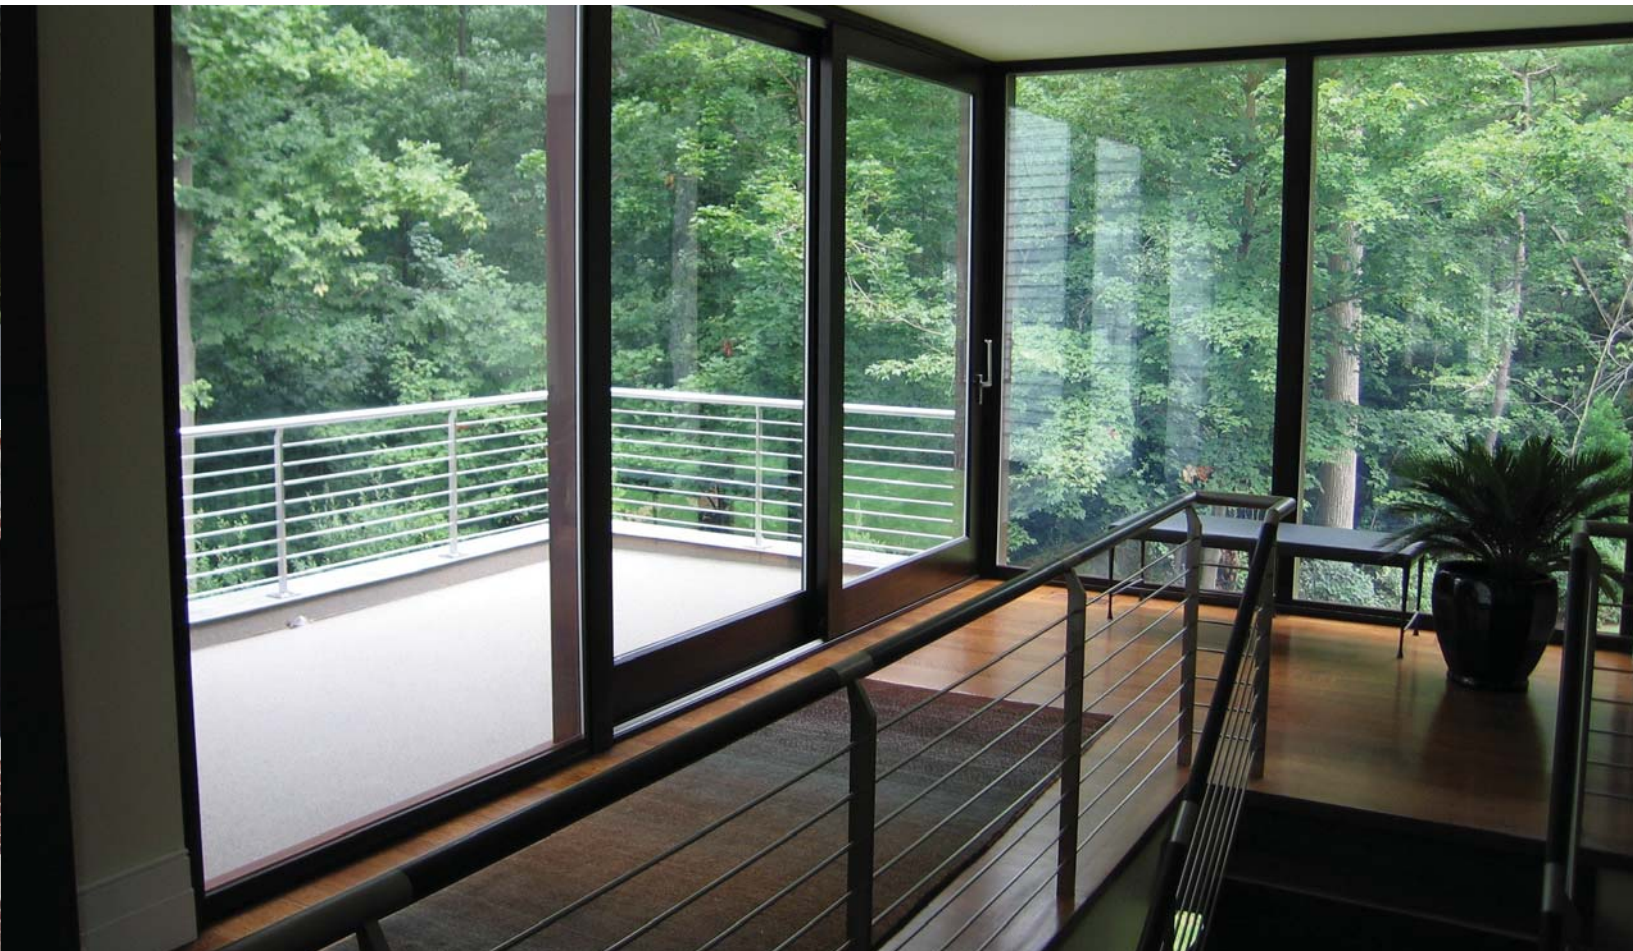

Enjoy a beautiful entrance and rest assured that your door is built to withstand the demands of coastal living. Your family will be protected against the elements with doors that combine architectural beauty and function.

# City Living Doors

# Lift & Slide Doors

Open your home to the great outdoors and be a part of nature, even when you're inside. We can customize these doors to fit virtually any dimension. When entertaining, enjoy a wide opening for several people to pass through, increasing your entertaining space to enjoy the inside and outside of your home.

## Flush Doors

Add flair to your entrance with this clean and seamless style. We use a bonded, stable and hand-selected solid core for this customized option. Combine strength and durability with the style of this door to suit your taste.

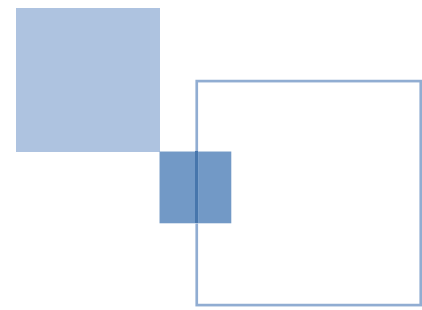

## French Doors

Design options abound to match your existing windows, unique panel designs, and more. Add a unique and beautiful style to both the exterior and interior of your entrance.

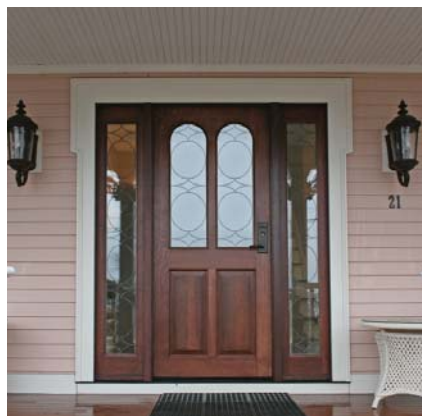

# Specialty Glass

Add architectural detail to your windows and doors with leaded glass. Or perhaps use a unique glass to add privacy, while you still enjoy the view. We'll suggest a glass that will work for your lifestyle and look amazing.

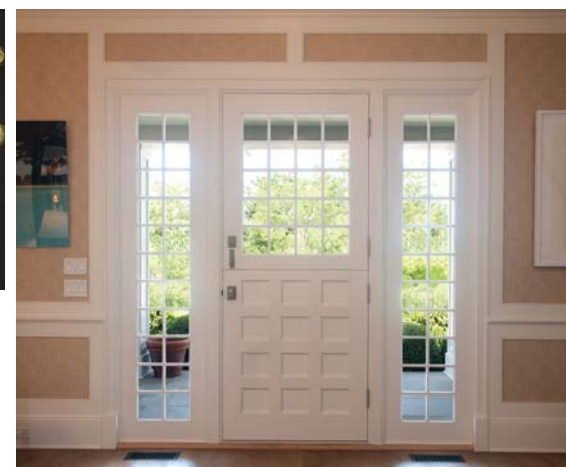

# Additional Solutions

Whatever your need or design in mind, we can build it. We can add features to your entrance that fit your life.

## PORTHOLES, MAIL SLOTS, DUTCH DOORS

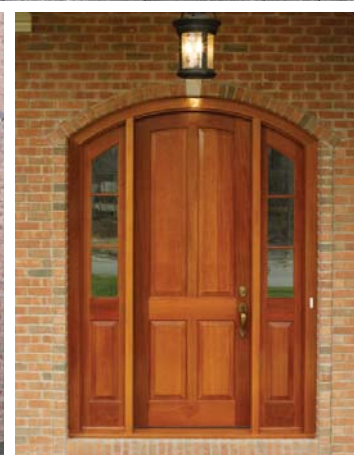

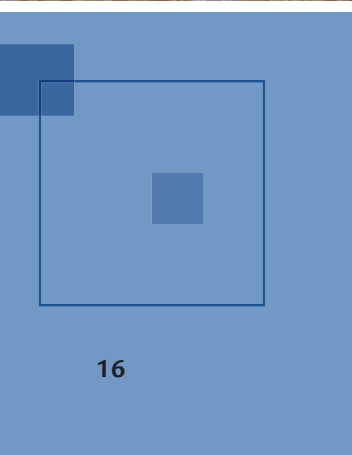

## SPEAKEASY DOOR

Make every entrance and exit by those you love unique, beautiful, and memorable. First day of school, last day of college, wedding pictures –all will be framed by a distinctive door that is a reflection of your family.

# Exterior Door Gallery

# Screen and Storm Doors

## Beauty and Function in One Design

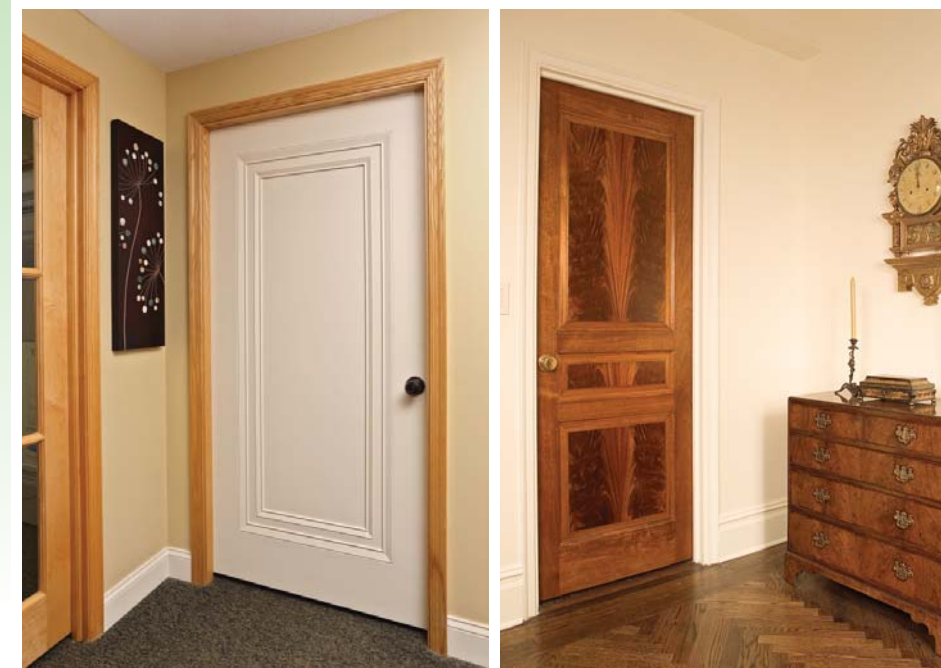

See and hear what your loved ones are doing outside and inside. Enjoy fresh air in your home. See how we make screen and storm doors a beautiful – and functional – feature. You'll enjoy the ease of changing panels as the seasons change. Constructed with the highest grade wood species to hold up well against the elements, our screen and storm doors are the perfect solution for your porch, pool house, 3-season room and anywhere you want to enjoy the indoors and outdoors at the same time.

# Interior Doors

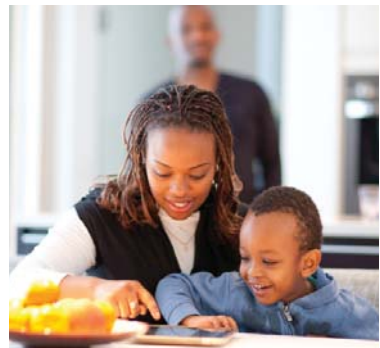

## Interior Architectural Beauty

This is where life happens – family dinners, birthday parties, board games and homework. Give your interior doors the same beauty, craftsmanship and quality of your exterior doors. Match the style for continuity and flow. Add architectural detail to your interior. Tell us how you live your life and we'll complement that with the right door details to meet your family's needs.

# Pocket Doors

Pocket doors don't have to be just functional space-savers. Don't sacrifice beauty of design for your bathroom, closet, or library doors. Enjoy architectural appeal and take advantage of every square foot you have.

# Double Doors

# Double Acting Doors

With high-end machining and finishing, we can deliver the results you need for those doors that serve multiple functions. You may need a sound or other environmental barrier, but also need easy pass-through and viewing. And you won't sacrifice beautiful design.

# Clipped Doors

Unusual spaces aren't a reason to sacrifice beautiful and functional design. We can create a stunning door to fit any space and shape.

# *Glass/ French Doors*

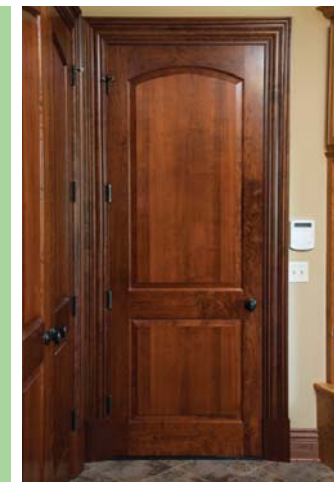

Don't be separated from your loved ones, even if the door's closed. These doors are the perfect solution to combine two rooms while having the flexibility to divide them.

# *Fire Rated Doors*

Keeping your family safe doesn't mean you have to endure undesirable design. We can take the traditionally industrial-looking fire door and make it beautiful, so you can rest easy knowing your precious ones are protected.

# Additional Solutions

Make your interior doors as inviting as the exterior of your home. Superb craftsmanship, durable and high-quality materials and architectural details work together to provide a custom finished look for the rooms you live in.

# Design Continuity... Outside and In

## Completing Your Vision

With our expert designers, craftsmanship and high-quality materials, we can provide architectural continuity from the moment you walk through your front entrance to every doorway in your home. Whether you're stepping over the threshold as a newly married couple, or putting your child to bed, your vision will be consistently represented through every passageway.

*Interior Doors...*

*Match the Exterior Doors*

Limitless options are available to complete your vision. We can customize your interior doors with different materials to completely match your exterior doors, creating a consistent design throughout your home.

**MAHOGANY EXTERIOR**

Whatever your budget, we'll create continuity of design throughout your home using a wide variety of the highest quality materials to achieve the look and function you desire.

**MDF INTERIORS**

We are the high-end, quality crafted door experts to give you the passageways of your dreams. We'll recommend the materials for your doors based on your lifestyle, needs and function requirements. You'll be impressed with the result.
